RoR Backend Developer (f/m)

we.PEOPLE
SIMPLY THE BEST

Your Job

- You are building and maintaining our backend and automation tools, based on Ruby, Rails, and AngularJS for our eventmanagement & matchmaking platform **hubs:**
- You are taking responsibility for the full lifecycle of your code, from implementing, to testing, to user acceptance, to deployment
- Your working with and improving our mobile web app
- You are responsible for the documentation of proprietary software solutions reports your results and you develop strategies to improve your projects
- You enrich your team with your knowledge, your person, innovative ideas & your passion
- You are part of we.CONECT and you love to be part of your team

Your Profile

- You are fond of test-driven development
- You have an understanding of core concepts like OOP, design patterns, algorithms and how to run Ruby on a production server
- You are enthusiastic about your work, results- driven and keen on developing in an agile environment with pair programming and Scrum
- You are excited about pragmatic programming for elegant & simple solutions
- You have been working already in agile projects and you know SCRUM from the srcatch
- A high degree of motivation, service & product orientation are your strengths
- You have a quick mind, conceptual & analytical skills and the willingness to incorporate you into complex issues and products
- Good English skills complete your profile

Our Offer

- An amazing company culture and exposure to partners both domestic and international
- A challenging and creative environment in an innovative, international, rapid growing and owner-managed company
- Independent work at a high level with numerous training and further education
- No: 1! Working in the best team in Berlin, ranked by Kununu the employer evaluation portal
- 23 Nations! An incredibly international team with more than 100+ passionate people in two of the coolest cities on Earth, Berlin and London, that challenges you all the time to find the best possible solution
- Competitive salary package, including base salary and commission

If you know that

- You have all these abilities and the job fits your profile
- You want to be part of our team
- You want to take care of our products with full power and passion

we would love to hear from you. Send us your complete application including your salary expectations via email to: wepeople@we-conect.com

we're growing. grow with us.

we.CONECT is a global business information company based in Berlin, Germany. We are running a series of international gatherings across the world. In the last 6 years we.CONECT has grown from a small team to a company with over 120 employees from more than 25 countries. We are focused on disrupting the conference industry through innovation, new formats and technology. In 2016 more than 10,000 leaders, innovators and other attendees gathered at we.CONECT events. we're building incredible things. join us.

build tech.

Data Science | App Dev | Web & UX | Software Engineering

Data scientists, engineers, developers, designers and many more work hand in hand in order to build a technology stack which is changing how people come together in the real world. From data mining over digital hubs to advances in app development – we're redefining how people get together and connect.

who are we.PEOPLE?
